

July 2, 2020: Construction Update No. 4 Bridge Avenue Reconstruction Project

The Bridge Avenue Reconstruction Project is set to begin on June 15, 2020. Bridge Avenue will be closed from Marshall St. to southerly Fairground entrance, just north of Minnie Maddern St. Ulland Brothers, Inc. will be the prime contractor on this project. Freeborn County and the City of Albert Lea collaborated on this project and have hired SRF Consulting Group to provide construction oversight.

Construction activity completed this week:

- Residences were hooked up to temporary water.
- Sanitary sewer work began at the Marshall St./Bridge Avenue intersection.

Construction activity for next week will be the following:

- Sanitary sewer work will progress from Marshall St. to the north up to Johnson St.
- Work on water main may begin towards the end of the week at the Marshall Intersection.

Safety is always our highest concern during construction of these types of projects:

- Please slow down through construction zone for the safety of others, and the workers on site, as well as your own safety. Avoid using a cellular phone when walking or driving near a construction zone.
- Please stay clear of machinery and construction trenches in the work zone. Construction vehicles can move quickly and suddenly. Staying alert to your surroundings reduces the likelihood of an incident.
- In addition, your assistance in directing your children away from construction areas is appreciated.

Thank you for your consideration and patience. For any questions or concerns you may contact the following at SRF Consulting:

Project Engineer: Dan Herzog, 763-452-4826, dherzog@srfconsulting.com

Project Inspector: Steve Herbert, 612-708-5489, sherbert@srfconsulting.com
